

From Seed to Harvest: Sowing New Life

We read in scripture that seeds need to be planted in soil and nourished in order to grow and flourish.

What seeds need to be planted in you today? Do you need seeds of hope, peace, patience, courage acceptance, forgiveness, kindness, joy, faith? In our own lives we can yearn for a seed of hope in a relationship or courage in a difficult situation.

For seeds to take root and flourish we need to prepare the soil, plant the seed, water the seed, weed the thorns that might arise and eventually reap the harvest of new life. Join us for our Lenten Retreat to reflect, think and pray about how we come to new life through sowing, nourishing and harvesting the seed planted in our heart.
